Memorandum

SECRET

TO : C/SMS

DATE: 25 January 1965

FROM : DAD/S&D

SUBJECT:

Would you please determine who at NBS is actually directing this program and then draft a memorandum for Dr. Wheelon's signature to the appropriate NBS program director indicating that we are doing work in this area and they might like to be briefed on it? Then also draft an accompanying memorandum to forward this from Miller to DD/S&T indicating that we are anxious to develop some contact with NBS and although we will probably be contributing more to their program than vice-versa we believe this would be a good way to go about making this contact.
